What better way to celebrate the spirit of Merdeka than to give to the unfortunate? That was what The Sunway Group did when their charity-driven "Warna Warni Merdeka" programme raised RM10,000 for Hospis Malaysia, a charitable organisation in Cheras that provides palliative care for the terminally ill.

The money came from sales of miniature windmill flags priced at RM10 each. The flags were placed onto a "Jalur Gemilang" displayed at Sunway Pyramid. The project entered

the Malaysian Book of Records as the construction of the country's biggest flag measuring 15ft in length and 30 ft in width using 2,310 windmills. It was constructed by 30 Sunway College students in just three days.

The RM10,000 cheque was presented by Sunway City Berhad Deputy Managing Director of Property Investment, Ngeow Voon Yean to Hospis Malaysia CEO and Medical Director, Dr. Ednin Hamzah. **BS**
