

Striving Towards Excellence

Awards and Achievements

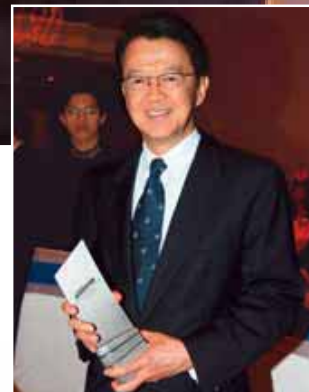

"Builder of the Year 2005", one of the most prestigious titles in the Malaysian Construction Industry Excellence Awards ("MCIEA"), awarded by the Construction Industry Development Board of Malaysia ("CIDB"). SunCon won this prestigious award for the 2nd time since 2003 for demonstrating all-round management excellence in construction and for professionalism, innovation and dedication shown to the community as a responsible corporate company

SunInc believes in the importance of good corporate governance practices and the value it gives to the stakeholders. SunInc's achievement in this area was rewarded by:

- Winning the Malaysian Business Corporate Governance 2005 Merit Award

As for SunInc's strongest arm SunCon, the achievements and quest for excellence of SunCon, has, over the years, earned SunCon several awards and certifications. These include:

- OHSAS 18001 (Occupational Health and Safety Assessment System) Certification by SIRIM QAS, received in 2000 in recognition of its ability to manage its Occupational Health and Safety risks.
- International Federation of Asian and Western Pacific Contractors' Association ("IFAWPCA") Gold Medal for Building Construction, received in 1998 for its excellent performance and many contributions towards advancing the construction industry.
- Construction Industry IT Award 2001, by the Construction Industry Development Board ("CIDB"), in recognition of SunCon's capability to effectively utilise IT in its construction projects.
- MS ISO 9001:2000 for SunCon's Quality Management System, a certification which assures customers that every aspect of the design and construction, through to the delivery of its projects, are carried out in full compliance with accredited specifications (SunCon has been SIRIM-certified since 1997).
